3:30pm- Punt Pass and Kick Competition (Intramural Fields)

Male and Female Divisions

Registration: You will need to sign up in the GC at the Intramural Table before 3pm Thursday April 27th

Event Description: Each participant is allowed one punt; one pass and one placekick as part of his or her competition. Scores are based on both distance and accuracy. For example, if a participant passes the ball 100 feet, but the ball lands 30 feet to the right of the measuring tape, the final score is calculated by deducting 30 from 100, for a final score of 70. Scores are based on exact feet and inches (partial inches are rounded to nearest inch). Participants cannot receive a negative score, but they can receive a score of zero. A participant's final score is his or her cumulative total for the three individual events. For example, if the participant scores 40 for punting, 60 for passing and 22 for kicking, the participant's final score would be 122. If a participant goes over the line prior to or before releasing or making contact with the ball, he or she is penalized five feet. The only exception is in kicking, where a participant may go over the line without penalty, provided the tee is placed on or behind the line. There is no violation if the kicking tee is kicked with the football during the kicking event. Scores are determined from where a participant's punt/pass/kick first makes contact with the ground. Bounces or rolls do not add to the score. If a participant tries to punt, pass or kick and misses the ball completely, it does not count as an attempt, and another attempt is allowed.

1st place medals will be awarded to the winning male and female!

A white mark is made exactly 13 feet from the red mark on either sides of the rope. The game is won when either side with this white mark crosses the center point. The tug of war competition requires a judge. There are 3 different commands that the judge gives to the players. The judge first announces "Pick up the rope", he then says "Take the rope", and finally he tells the players to "Pull". Once the pull command is said out the teams start pulling the rope. If a member of the team falls down that member is given a caution. Each team is allowed two cautions before getting disqualified. You can be DQ for lowering your elbow below the knee level while pulling the rope which is considered to be a foul and is called 'locking'. Touching the ground for a longer period of time is also considered as a foul.
